# REFRIGERATOR SHOPPING Cheat Sheet

### Counter Depth

Measure the depth of the counter on **each side** of the refrigerator.

### Wall To Obstacle

Measure the depth from the wall to the nearest obstacle, **both sides**.

### Floor Depth

Measure the depth from the bottom of the cabinets on **both sides**, taking any floorboard trim into account.

### Install Height

Measure the height from floor to ceiling, **at the left side, right and center**.

### Install Width

Measure the width of the install space three times; **top, middle and bottom**.

### Exterior Doorway

Measure the width of exterior doorways to ensure the appliance will get through.

### Interior Doorway

Measure all interior doorways along the path to the install site. Write down the narrowest passage width.

### Stairway Width

If the refrigerator is going upstairs, measure the width of the stairway in multiple places, taking into account the handrails.
